Names Currently on Walls	For those whose names are currently on the walls, money will be used from the first Naming Rights Contract to create a Commemorative Wall in the Members Room, displaying and celebrating their names – as long as the building is standing – for their dedication, hard work, and financial contributions. We think this display will highlight their contributions in a really beautiful way, reminding current and future generations what they sacrificed and gave to make the Italian Community Center and Festa Italiana a reality.
Right of First Refusal	The member/family/corporation whose Name is currently on the wall will be given the right of first refusal, upon completion of contract, to renew their Naming Rights for another term, before that location is offered to another party. If the current Namer decides not to renew, the location may be offered to another party.
